SIR:

This letter is submitted to the U.S. Patent and Trademark Office in response to a telephone call from Examiner Hu on June 2, 2005. The Examiner called the undersigned regarding suggested claim amendments to claim 1 to put the application in condition for allowance in view of a newly uncovered reference, i.e., U.S. Patent 6,839,767 to Davies et al. Specifically, the Examiner stated that claim 1 was anticipated by Davies and amending claim 1 to include step (ii) from claim 12 of the present application would render all claims patentable over Davies.
